

IEEE STUDENT BRANCH EVENTS 2024-2025 SEMINARS AND CONFERENCES

May 18, 2025 Shape Your Career with ÇİMSA!

The “Shape Your Career with ÇİMSA!” event, held on May 18, 2025, provided participants with an academic framework on career planning and professional development. This event created an important platform in the context of ÇİMSA's position in the industry and its strategic approaches to young professionals.

May 9, 2025 TeachTalk X Aselsan

The TeachTalk X Aselsan event held on May 9, 2025, provided IEEE Student Branch members with a comprehensive overview of the defense industry and advanced technology sectors. During the event, Aselsan officials shared detailed information about the company's ongoing projects, innovative technologies, and career opportunities. Participants had the opportunity to learn about sectoral developments firsthand and discover current applications in the field of engineering.

February 26, 2025 TechVision Summit

The TechVision Summit held on February 26, 2025, offered IEEE Student Branch members the opportunity to closely follow current developments and future trends in the world of technology. At the summit, expert speakers from many fields shared their knowledge and experience. Participants learned about innovative perspectives in the industry while also having the opportunity to network with professionals from different fields and develop their career vision.

11/04/2024 Effective Use of LinkedIn

The Effective Use of LinkedIn Event held on November 4, 2024, guided IEEE Student Branch members on professional networking, evaluating career opportunities, and using the LinkedIn platform

more efficiently. Participants gained valuable insights into the importance of digital visibility in career development.

May 13, 2024 Trendyol Career Talks

The Trendyol Career Talks held on May 13, 2024 provided IEEE Student Branch members with important information about the dynamics of the e-commerce sector and career opportunities. Participants had the opportunity to hear from Trendyol executives about the company's work culture, areas of work, and career development.

March 22, 2024 QNB I Know What I Want Conference

The QNB “I Know What I Want” Conference held on March 22, 2024, provided IEEE Student Branch members with an inspiring experience on career planning, personal development, and goal setting. Participants had the opportunity to gain valuable insights into professional life from expert speakers in their fields.

2024-2025 TOURS

May 16, 2025 Çimsa Technical Tour

The Çimsa Technical Tour held on May 16, 2025, provided IEEE Student Branch members with the opportunity to observe cement production processes and industrial applications firsthand. Participants examined the engineering work carried out at the production facilities, gaining knowledge about both material technologies and sustainable production methods. This tour provided an important experience for students to reinforce their theoretical knowledge with practical application.

February 19, 2025 Temsa Technical Tour

The Temsa Technical Tour held on February 19, 2025 provided IEEE Student Branch members with valuable experience in the field of automotive and transportation technologies. Participants had the opportunity to examine Temsa's production processes and innovative engineering applications firsthand, gaining valuable insights into the industry.

November 1, 2024 Mersin Technopark Tour

The Mersin Technology Park Tour held on November 1, 2024, provided IEEE Student Branch members with the opportunity to learn about technology development processes firsthand. Participants visited companies within the Technology Park and gained insight into the entrepreneurial ecosystem, R&D activities, and innovation-focused projects.

February 26, 2024 Şişecam Event

The Şişecam Event, organized by the IEEE Student Branch on February 26, 2024, brought together the experiences of Şişecam, one of the leading representatives of the industry, with students. During the event, participants learned about the company's areas of activity and had the opportunity to share valuable insights on career opportunities and industry developments.
