2. Informative videos on zero waste to be prepared by students in order to increase zero waste awareness among students,
3. A survey to be administered to students prior to the video presentations in order to assess zero waste awareness,
4. Development of project initiatives related to zero waste practices,
5. Planning and implementation of peer education activities on zero waste,
6. Holding a new meeting on Wednesday, December 3, 2025, to decide on the suitability of the prepared videos,

These decisions were taken unanimously.
